

EMPLOYERS ARM THEIR DRIVERS

Strike In Chicago Takes A Serious Phase This Morning--Many Are Wounded.

NO NEED OF TROOPS NOW APPEARS

Chief O'Neil And Mayor Dunne Confident That They Can Handle The Trouble Without Aid Of Soldiers.

[SPECIAL BY SCRIPTS-M'RAE.]
Chicago, May 2.—The employers and labor of Chicago have determined to have no interference of military forces in the teamsters' strike, now in progress. Mayor Dunne and Chief of Police O'Neil declare they have the situation well in hand and there is no need of interference on the part of Governor Deneen or President Roosevelt. The union leaders also maintain there is no need of soldiers. Give Financial Aid.

The Associated Employers in Chicago not directly affected by the strike are also giving financial aid. The employers have arranged to send out five hundred teams today, each accompanied by four officers and several plain-clothes men. The police force on strike duty is now increased to 1150, with five hundred private detectives.

A Counter Move
The Union Traction company and the Morgan & Wright Rubber Co. this morning deserted the employers and signed a contract with the coal teaming companies using union men. Three hundred strike-breakers marching through the streets this morning were jeered and pelted with stones, but none were seriously injured.

Shot A Striker
As a caravan of wagons of the Forbes Tanning company passed along Wabash avenue at eleven, Henry Schultz, aged 35, the police state, cast a missile at F. E. Carter, a negro carrier, and he immediately fired the ball striking Schultz in the right side. The wounded man was taken to a hospital and Carter arrested.

Go to Hospital
Five men were taken to the hospital as a result of the attack on a caravan of wagons at Jackson and Halsted streets at noon. Nine arrests were made.

More Strike-Breakers
Fifteen hundred strike-breakers already in the city were re-enforced by five hundred more this morning. The majority of the strike-breakers are negroes, and many are pouring into Chicago to aid the business men in their fight against the teamsters.

Ask Another Writ
It is understood the express companies this afternoon will ask Judge Kohlsaat for an injunction to restrain the strikers from interfering with business.

Deliveries Increase.
The volume of business which the Employers' association transacted in the fourth trial of powers is to be held shortly.

Accused of Complicity in the Murder of Governor Goebel of Kentucky.

Louisville, May 2.—Charles Powers was taken from the county jail today to Georgetown, where the date will be set for the fourth trial on the charge of complicity in the assassination of Governor Goebel.

ILLINOIS LEGISLATURE TAKES DECIDED STAND ON GAS
House Passes the Gas Law—Goes to the Senate This Afternoon.
[SPECIAL BY SCRIPTS-M'RAE.]
Springfield, Ill., May 2.—The house this afternoon passed the bill giving the municipalities the right to fix the price of gas. The bill will be reported to the senate this afternoon.

BOWEN LEAVES HIS POST FOR HIS TRIP HOME TODAY

Former Minister To Venezuela Is Now On His Way To The United States.

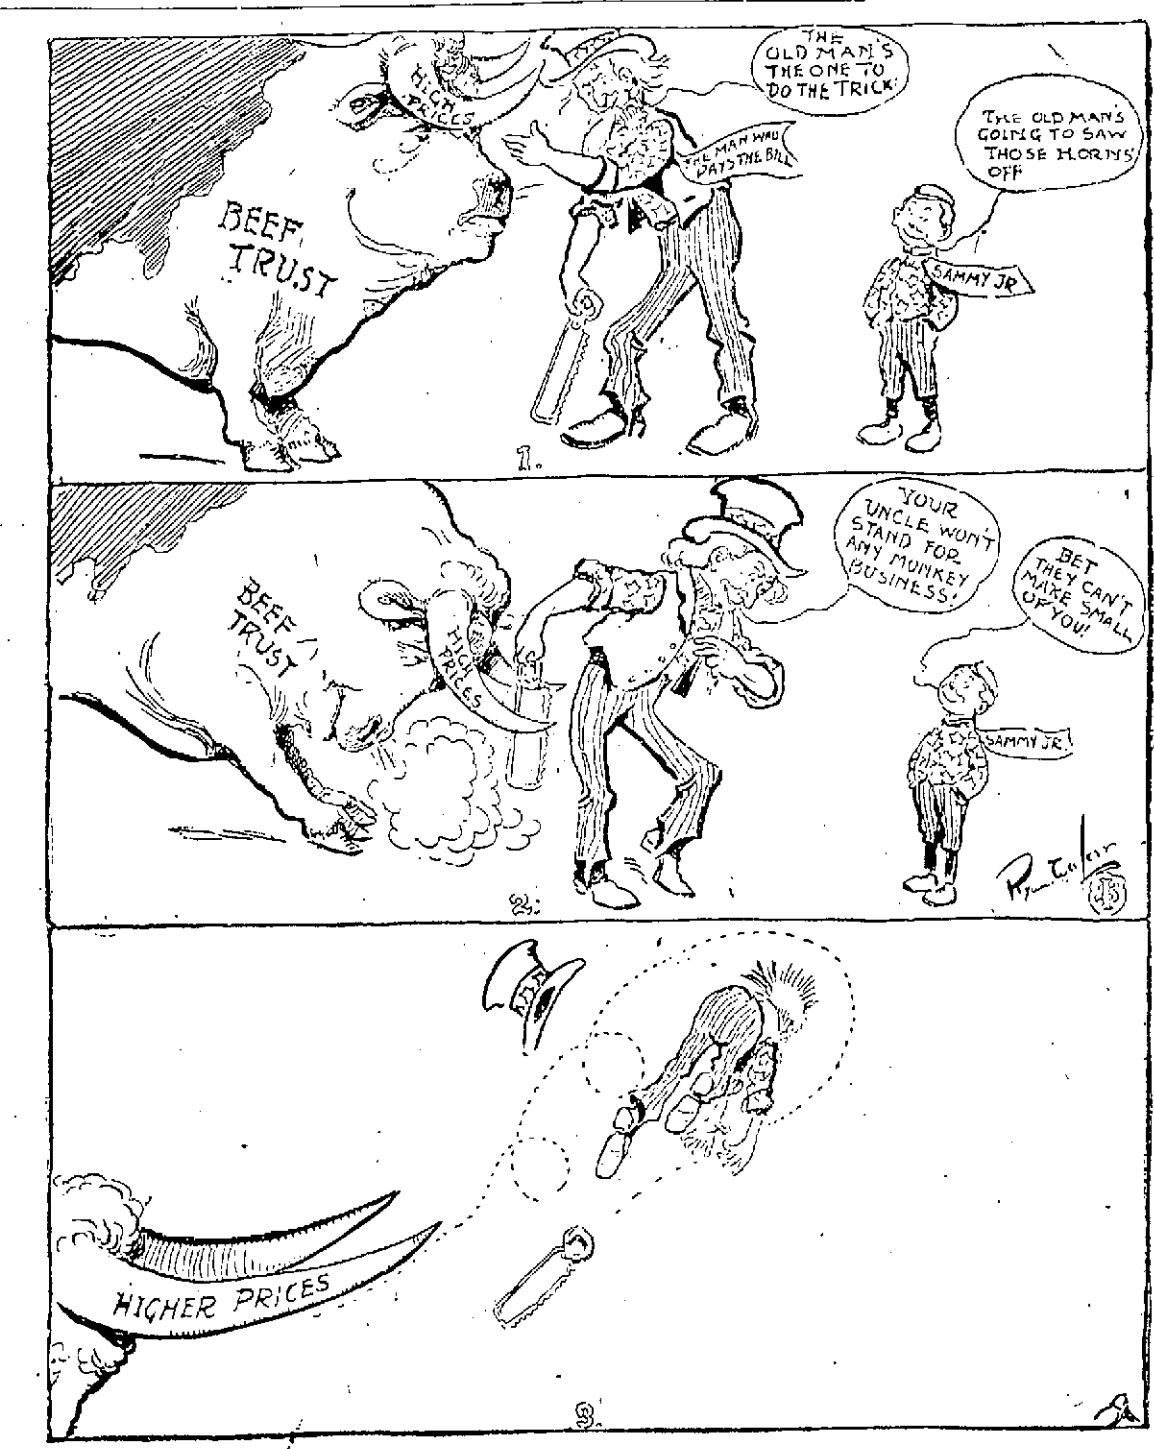

Washington, May 2.—Some additional facts which have come to light in connection with the Bowen-Loomis controversy, relieve the minister to Venezuela of responsibility for the bribery charge made against the assistant secretary of state. They also explain the reason which prompted the president before he left Washington to take no action against either Bowen or Loomis.

Those facts briefly are that Bowen was moved to cable Secretary Hay the story that President Castro and the receiver for the New York Bermudez company had in their possession a check drawn in favor of Loomis, because it was told to him by two of his colleagues in the diplomatic corps in the presence of the military attaché of the American legation in Caracas. It also developed that these diplomats stated that the receiver of the New York Bermudez company had in his possession a letter written by Mr. Loomis in which the latter promised the United States would not use force to compel the Venezuelan government to settle the asphalt dispute.

Duty to Government.
Mr. Bowen stated he would have denied instantly the charges, but he felt a denial would be futile in view of the wealth of details furnished by the diplomatic agents who talked with him. He believed it was his duty to the government to inform it of the circulation of these charges in official and diplomatic circles, in order that it might be prepared to answer them should they be given publicity.

All that remains for Mr. Bowen to do in order to clear his skirts of the charges respecting the check is to have the military attaché who was present when the statement was made communicate to the secretary of war confirmation of the report cabled by the minister.

Bowen on Way Home.
That Mr. Bowen has not left Venezuela without ample evidence to justify the course he pursued, his friends have no doubt. The fact of his departure shows he considers his conscience clear and that he didn't back himself up. He believed his absence from Venezuela might be only temporary, as he cabled the department unless his withdrawal was to be permanent he would not sail until May 15. Secretary Taft cabled he should leave on that date if it were most convenient, but Mr. Bowen evidently did not receive the message. He will reach New York next Monday.

The sad part of this cartoon is the fact that it all really happened right at the time Uncle Sam was trying to shorten the horns.

SUPREME COURT HAS MADE ITS DECISION

Hope of Distribution of Reserve Fund of Equitable is Now Passed.

[SPECIAL BY SCRIPTS-M'RAE.]
Madison, Wis., May 2.—The supreme court today denied a rehearing of the case of State Insurance Commissioner Host against the Equitable Life Assurance society. This ends the fight to compel the Equitable to distribute several millions of surplus funds among the policy-holders of Wisconsin.

POLAND TEEMS WITH THE SPIRIT OF WAR

Social Democrats Call for General Strike to Avenge Yesterday's Slaughter.

[SPECIAL BY SCRIPTS-M'RAE.]
Warsaw City, May 2.—The city is quiet today. The bodies of thirty odd persons killed in the rioting yesterday are identified. Ten of the wounded have died in hospitals. Workmen are going from factory to factory trying to inaugurate a strike. The committee of the social democratic party in Poland has issued a manifesto proclaiming a general strike in consequence of yesterday's bloodshed.

PEST-RIDDEN BRIDE KISSES THE MINISTER

Wedding Guests Are in Consternation When They Learn That Newly-Made Wife Has Smallpox.

New Brunswick, N. J., May 2.—Because the minister and all the guests at a Middlesex county marriage kissed the bride and danced with her there is consternation throughout a section of the country, for the bride is down with smallpox and there is no doubt that she was suffering from the disease at the time of the ceremony.

Miss Magdalena Dressler, now Mrs. John Gaub, Jr., is the bride. She and her husband live at Brownstown, ten miles from New Brunswick, a little village in the center of a farming community, where every one knows every one else for miles around.

Miss Dressler and Gaub were married at the German Presbyterian church, South River, on Sunday, April 23. She had complained to her friends of feeling ill and said her head ached, but this was attributed to excitement and fatigue. It is evident now that she was suffering even then from the disease. The church has been closed, the pastor, who exercised his ministerial prerogative and kissed the bride, is in quarantine, and all of the wedding guests are being rounded up by the health officials.

PATTERSON CASE GOES TO THE JURY

Fate of the 'New York Actress Remains With Twelve Men To Decide Now.

[SPECIAL BY SCRIPTS-M'RAE.]
New York, May 2.—Assistant District Attorney Rand made the closing address for the prosecution in the Nan Patterson case this morning. The courtroom was so crowded by spectators that the doors were locked. Mr. Rand said the revolver was bought June 3 in a pawnshop on Hymen street. The prosecution had accounted for every minute of Young's time and he had not bought a revolver. The defense has shown no reason why Young committed suicide. He declared if the jury men could shoot themselves as Young was shot, they could set the girl free.

MEXICAN INDIANS RISE AND CRUSH THE REGULAR TROOPS

Sonora Said to Be the Scene of the Latest Indian Fighting.

[SPECIAL BY SCRIPTS-M'RAE.]
El Paso, May 2.—Reports have reached here that a body of Mexican regulars were defeated by a band of Yakis in the southern portion of Sonora and nearly all the troops were killed and the remainder captured.

SPARKS FROM THE WIRES

The Santa Fe railway officials report that all damage to their roadbeds resulting from the floods in Arizona and New Mexico has been repaired.

Two horses attached to a plow were instantly killed by a bolt of lightning and the owner, William Dimby, rendered unconscious near Sterling, Ill.

Frederick Menden accidentally killed his five-year-old sister, Ada, with a maul on Ocean Park, Cal., last night. The child ran into the fork and the lines penetrated the skull.

Joseph Zimmerman, 24 years old, a florist of Ocean Park, Cal., lost his life and a party of five prominent people who accompanied him have narrowly escaped death from drowning at San Pedro.

J. S. Neville was inaugurated mayor of Bloomington, Ill., with notable ceremony. A monster floral horse-shoe, eight feet in height, was sent by his fellow members of the railway and warehouse commission and attaches of the Chicago grain office.

Minister Bowen sailed from Caracas for the United States. Secretary Hutchinson is in charge of the legation.

Ignace Paderewski, who has been suffering from nervous shock, has so far recovered that he has arranged to leave Boston for New York.

Dr. E. H. Rorick, superintendent of the Athens, O., insane asylum, has been elected superintendent of the asylum for feeble-minded youth in Columbus.

State Senator Samuel Fossenden announced his withdrawal as a candidate for United States senator to succeed the late Senator Orrin H. Platt of Connecticut.

Secretary Hay's course of therman baths in Bad Nauheim, Germany, will require three or four weeks longer to finish. Mrs. Hay regards him as getting along well.

American Bankers' Association To Take Radical Steps Regarding Milwaukee Banker.

[SPECIAL BY SCRIPTS-M'RAE.]
New York, May 2.—Bankers from various parts of the country are assembling for the annual meeting of the American Bankers' association, which begins tomorrow. It is said F. G. Bigelow, former Milwaukee banker, is stricken from the list of members. He was a former president of the association.

TELEPHONE BILL IS THROUGH ASSEMBLY

Noble's Patent Medicine Bill Is Laid Over—Autos Not To Be Tagged Like Dogs.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., May 2.—The assembly has passed the anti-discrimination telephone bill by a vote of 59 to 25. It prevents higher rates by the same company in one city than in another city of similar size. The senate committee on the revision of bills has received from the attorney general an official opinion that the automobile bill, requiring a tax and wearing a label on automobiles, is unconstitutional because it taxes some citizens and not others. Senator Martin proposes to press the passage of the parole bill over the veto by the governor. He had the veto laid over today till Friday. The cornshredder and safety appliance bill was laid over on the request of the manufacturers, who desire some changes. Senator Noble argued in favor of the passage of a bill to regulate the sale of such patent medicines as contain poisonous drugs, narcotics, soporifics and alcoholic preparations. The bill, however, was laid over. There is much opposition to it from newspaper publishers, manufacturers and others, who say it is a scheme of the doctors to get a monopoly for their prescriptions. The bill to pay Senator Roehr \$2,500 for assisting Insurance Commissioner Host in his case against the Equitable Life Assurance society, was sent to the committee on claims. Two bills to remove the capitol to Milwaukee and Grand Rapids were laid over.

GOVERNOR IS TO BE HOST THIS EVENING

Imports a Chicago University Professor for Legislature's Entertainment.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., May 2.—Governor La Follette has prepared a literary treat for the members of the legislature in a Shakespearean reading by Professor S. H. Clark of the University of Chicago. The reading will take place tonight at the executive residence on East Gilman street, state officers, members of the legislature and press representatives being invited. Prof. Clark is distinguished as a Shakespearean scholar and is said by many to be the foremost man in this respect in the world. Tonight he will read from King Lear. Prof. Clark is a personal friend of Governor La Follette, who deems it a fortunate circumstance that the eminent scholar is able to be present on this occasion.

ASK HEARING ON RATE BILL

Shippers' President Desires To Add Evidence To That Already Submitted.

THE SENATORS WOULD CLOSE CASE

Members Of The Committee Are Desirous Of Ending The Inquiry In Order To Devote Their Time To Testimony.

Washington, May 2.—The shippers of the country do not propose to permit the senate committee on interstate commerce to formulate any measure for presentation to the senate which shall stultify the wish of the people for an equitable adjustment of the railroad rate question.

Senator Elkins, chairman of the committee has determined to bring the hearings to a close with the termination of the testimony of the railroad officials and attorneys, believing the country to be so saturated with their views it might forget the injustice suffered by shippers. He has been talking informally with members of the committee as to the advisability of calling the executive meeting of the committee, when will be discussed the question of stopping the hearings and determining formally upon the provisions of the measure to be presented to the senate.

Shippers Demand Hearing.
Now the shippers have stepped in, and Senator Elkins is fearful that his well laid plans are in danger. E. P. Bacon of Milwaukee, president of the shippers' national organization, has written the chairman of the committee asking an opportunity to present further testimony on the question of rate discrimination and rebates. He stated he expected to bring a number of prominent shippers from various parts of the country to furnish evidence to that given at the hearings last spring.

Without regard, apparently, for the universal denial that there shall be effective legislation, some of the committee men are impatient over the information that the demands of the shippers may prolong the hearing, and they are raising all kinds of objections the strongest of which are that the shippers have made out a formidable case, and that if more people testify it will not be possible to study the evidence properly because of the quantity.

It is expected that in order to prevent criticism, Bacon may be given a chance to appear, but this will be only in case he can show he had additional evidence of importance to present.

Injunction For Rebates.
George R. Peck, general counsel of the Chicago, Milwaukee & St. Paul railroad, was again before the senate committee. He declared that the most effective instrument against rebates was the injunction, that the latter was better than a criminal proceeding, because it was speedy and summary.

Private car lines, he said, were not common carriers, but were necessary to carry on the commerce in perishable articles.

Mr. Peck made several references to the Esch-Townsend act in answering questions of Senator Cullom, and the latter remarked that he did not think the committee was disposed to hold to the Esch-Townsend bill, and that the measure at most may be used as a basis for discussion.

Hugh L. Bond, second vice-president and general attorney of the Baltimore & Ohio railroad, criticised the Esch-Townsend bill, saying it would result in endless litigation and require at least two or three supreme court decisions to determine what it meant. He declared it would be unwise to depart from a law which was eighteen years old and had been construed over and over again, and which business and railroad men understood.

GOVERNOR STANDS AGAINST THE BILL
[SPECIAL TO THE GAZETTE.]
Madison, Wis., May 2.—A resolution fixing the date of adjournment, the receipt of the first executive veto message of the present session and the passage of the public examiner bill were the chief features of the opening sessions of the week last night. The governor returned to the senate without approval the bill proposing to give the state board of control the power to parole prisoners according to rules and regulations that may be made by the board. The reason for the veto as stated in the accompanying message is the fact that the bill seeks to confer upon the state board of control judicial powers which the board is by ordinary rules of law disqualified from exercising. Governor La Follette refers to the provisions of the bill which forbid the board from taking testimony or hearing attorneys in regard to motions for parole and declares that the board would be dependent upon impressions gained from the prisoners or from the officials and attendants at the penal institutions. The board is estopped from hearing representations of the judges who sentence or the prosecuting attorneys who cause the conviction of the criminals and he thinks it unwise that under such conditions the board of control be allowed to suspend or modify the actions of courts and juries.

WILLING TO LEARN

A few days ago an applicant, upon being questioned by the manager of a large wholesale house as to what he knew about office work, admitted that his knowledge was limited to a common school education, but was "willing to learn." Thereupon the manager said, "Sorry, young man, but we have no time to conduct a business training school in this establishment."

This is the case with every business man; he hasn't the time nor the inclination to teach that which should be known, and that which must be learned before making application.

...Forty Years Ago...

Janesville Daily Gazette, Tuesday, May 2, 1865.—The Five Per Cent Fund.—The Madison Journal says the agents of the old Rock River Canal Company had got an order from the Secretary of the Interior, to withhold the payment of the money to the State. The State had already been notified that the money was already in the United States Treasury.

Governor Lewis is going to Washington to investigate the matter.

The News.
Now that the hard fighting is virtually over and the rebellion squelched, the special correspondents of the New York papers will reorganize President Johnson's cabinet at least once a week if they do not do it once a day. Our dispatches say that it is understood that Steward, Stanton and Welles go out on the first of July and

somebody else goes in. All gammon of course.

Ex-Governor Alken of South Carolina, the man who was beaten in the contest for Speaker of the House some years ago by S. P. Banks, has been arrested by the order of President Johnson and that his arrest was based upon his refusal to take the oath of allegiance.

Chief Justice Chase has gone south to reorganize the United States courts.

Advices from Europe state the proposal of the French Emperor to enter into a treaty to protect each others' interest against the United States. France is to help England keep from gobbling up Canada and England is to help keep Maximilian on his tottering throne. A nice trade.

CARICATURE SKETCH OF ROBERT HUNTER

Robert Hunter, the social reformer, whose recent book entitled "Poverty" is attracting much attention. Mr. Hunter, as a result of his careful investigations, finds that 16,000,000 people in the United States—one-eighth of the nation's population—are in a more or less constant state of poverty.

Reasons Why Many Persons With Large Appetites Fail to Take on Flesh.

The pale face and lack of color is a sign of Anemia or thin, weak blood. Girls and young women are sufferers from this disease. Many a woman who would otherwise be beautiful has a pallid skin that spoils all else. Growing children suffer from impoverished blood, and parents are unable to find the trouble. They eat enough, and their digestion is apparently all right.

They have large appetites, but remain thin. The trouble is, they don't get enough nourishment from their food; they are thin, weak, tire easily and have little ambition. In all the field of medicine, there is no formula more effective in treating this condition than Father John's Medicine. The one cure for anemia is to supply the blood with the nutrition it lacks. Father John's Medicine does that.

Special Values in Tailored Suits, Mohair Suits, Panama Suits, Silk Suits...

Fifty suits of the season's best styles in the several materials that are most in favor, such as mohairs, panamas, serges and silks—both styles are in the assortment, the jacket suit as well as the shirtwaist suit. Some of them are regular twenty-five dollar suits and none but what are of at least a twenty-five-dollar value. The

Kitchen Troubles and the Remedy.

Only a few years ago it was considered good form to encase the sink in wood thereby concealing the trap,

making it inaccessible and offering a place for the collection of filth and vermin.

If this condition exists in your household, let us remedy the trouble by installing a snowy white

A Solemn Duty.

A solemn duty which we owe society, our children and ourselves is that nothing which can be done to assist nature at that time when our wives are to become mothers should be left undone. Of all the countless details to be observed at such a time, no single one is of more importance than the bodily welfare of the expectant mother; she must not experience undue suffering through any lack of effort on our part.

MOTHER'S FRIEND

should be the recourse of all real men and women at such times; it is easily obtainable, and it is a positive crime not to procure it. Its offices are to relax the muscles and tissues intimately associated in this greatest of the Creator's phenomena, and by simple external applications a result is obtained which at the appointed time permits the mother to undergo her greatest joy with fortitude, and bring into the world a child worthy of its parents. \$1.00, all druggists. A CANDID OPINION.
Nathaniel C. Flower recently delivered an address before the New England Dry Goods Association at Boston. Mr. Flower is an old business man and what he says concerning the value of advertising mediums, is based on experience. You can't lose an ad in a newspaper any more than you can lose an item of news. Mr. Flower said:

"Without depreciating the value of any of the good advertising mediums, for there are many, I wish to state emphatically, and without qualification, that the newspaper is the best and cheapest advertising medium for the retail advertiser, and is the only local medium worthy of being called indispensable. I cannot too forcibly impress upon you the intrinsic value of newspaper advertising space. I base my opinion upon twenty-five years of actual experience in weighing advertising values. I am speaking through the head of experience."

"The newspaper, from every standpoint, logically, psychologically and practically, is the most natural advertising medium. Advertising belongs to the newspaper. The reader buys the newspaper for the advertising as well as for the news; and many a woman buys it almost exclusively for the advertising she expects to find in it."

"Something for nothing is not business, nor is it good advertising. That which we get for nothing, whether it be a free calendar or a free newspaper, receives little consideration. If I were a dry goods merchant I would rather have my advertisement in 1,000 copies of any of the Boston papers paid for by the readers than to have the same advertisement in 10,000 sample copies of the same paper. Because the reader pays for the paper, he proposes to get his money's worth, and he cannot get his money's worth unless he reads that paper, and he reads the advertisements because they are a part of that paper."

DEMOCRATS CLAIM HIM.

The claim has often been made in Wisconsin that the democrats nominated and elected Governor La Follette. In his home city with a voting population of 4,500—his caucus support was 4,300—there were not enough democrats left to organize their own party primaries.

The New Orleans Times, democrat, recently published an editorial which is copied and endorsed by W. J. Bryan, which says, among other things: "Governor La Follette prevailed over one of the strongest political combinations ever organized, and wholly through the popular support he received from democrats as well as republicans, for he was first of all a reformer, a strong advocate and supporter of democracy, that is, of the will of the people as against the rule of the corporations and monopolies."

With this kind of endorsement it is easy to understand where the governor looks for the balance of power. As an expert in playing both ends against the middle he has no rival.

THE DIFFERENCE.

A recent report from the Department of Commerce and Labor, shows that the average price for boots and shoes exported from the United States last year was \$1.53 as against 95 cents for the same class of goods exported by the United Kingdom.

These figures tell in a nutshell the difference between wages paid to American and foreign labor. They are a whole argument in favor of American citizenship as compared with the second best country on the globe.

Mr. L. B. Carle said, on his late return from Panama and Old Mexico, that a man ought to be thankful that his lot was cast on American soil. This is the sentiment expressed by every man who has an opportunity to study conditions abroad.

While this is true, it is also true that unrest and dissatisfaction prevails to a large extent within the ranks of American workmen and many of these workmen come from countries across the sea where a dollar looks as big as a cart wheel.

The strike now going on in Chicago is on the part of a class of well-paid workmen. Many of them are earning double the money that they ever received before they came to this country. The lack of appreciation is one of the most deplorable features connected with American labor disturbances and nothing but a period of hard times will bring some of the disturbers to their

PRESS COMMENT.

Sheboygan Journal: Green Bay citizens are now engaged in finding roosting places for the Eagles who are expected there in June.

Superior Telegram: Missouri has created a new state office—that of beer inspector. It is supposed to be a very desirable office.

Milwaukee Sentinel: King Edward has had all his teeth pulled. Now that will put the imitative loyalty of our Anglomaniacs to a cruel test.

Chicago Record-Herald: Tom Lawson merely has to publish a wild statement and the frenzied financiers proceed at once to make it come true.

Chicago Inter Ocean: St. Louis has been such an orderly town for the last three Sundays that most of her people are planning to be away from there next Sunday so as to avoid the annual.

Milwaukee News: The American people are patient under trust oppression, but the action of the circus combine in arbitrarily suppressing the free street parade will place a heavy strain upon their long-suffering endurance.

El Paso Herald: The New York American asks if legs are more valuable than brains. Get run over by a big eastern railway and see—you can recover only about \$5000 for an amputated head but the bridge is clean off if you lose a foot and have a clever lawyer.

Sheboygan Journal: Somebody placed a skunk in the well at the Manitowoc pumping station. The Manitowoc newspapers don't say so, but the truth is nearly every citizen of that town was ready to swear that the city water had suddenly developed valuable mineral qualities.

La Crosse Leader-Press: At the height of the panic at Milwaukee Mayor Rose, accompanied by the chief of police and several detectives, carried \$1,600,000 across the street from another bank to the First National. The guard was made strong enough to prevent the mayor from getting away.

Neenah Times: An Appleton professional man has solved the "Keep your husband at home nights" problem. He says in "The Ladies' Home Journal": "Prepare a dainty lunch, have a box of cigars and several boxes of cigarettes. Invite some ballet girls for the evening, while you yourself go out to call on a friend."

Pond du Lac Reporter: One of the greatest social problems of the day is that of dealing with the man who neglects his wife and children. Abandonment is a crime for which there has not yet been found an effective penalty. The difficulty is to punish the guilty man without also inflicting punishment upon the woman and children.

Oshkosh Northwestern: The merchants of La Crosse have decided to hold a street carnival next fall. Evidently they are anxious to try the experiment, the same as most other places have done, but the chances are that after they have had their experience they will join the almost universal verdict that "attractions of this kind do not pay in the long run."

Milwaukee Journal: The thing which the world needs most today, perhaps, is a thorough appreciation of the truth that the old-fashioned, true-blue honesty of purpose and of deed is the only safe guide for men to follow in their relations to one another. A wavering or faltering in this course means disaster. An adherence to it, whether it results in the accumulation of much or little of the world's goods, means priceless success.

La Crosse Leader-Press: The friends of Senator Barney Eaton, who has been notified to keep away from Madison until his term expires, are claiming that the suspension of Eaton amounts to denying representation to the citizens of the Seventh senatorial district. It is a pretty severe reflection on the thousands of respectable, honest people of Milwaukee who live in the Seventh district to assume that Eaton is a fair representative of them.

Neenah Times: Frank G. Bigelow, the head looter of a Milwaukee bank, also looted an eastern estate, and yesterday confessed to a defalcation of between \$2,000,000 and \$5,000,000. This is a queer world. The chances are that Bigelow will escape punishment and be held up as a great "financier," while the poor clerk who notified Pfister and thus put a stop to further looting of the bank, will be rewarded with a discharge for butting in.

Jefferson County Union: Col. J. A. Watrous, writing in the last Sunday Sentinel, calls attention to the fact that Green Bay, or rather Fort Howard, now a part of Green Bay, enjoys the remarkable distinction of having furnished two presidents, one, General Taylor, who became president of the United States, and Jefferson Davis, who became president of the southern confederacy, both stationed there as regular army officers. Fort Atkinson enjoys the same distinction, Abraham Lincoln and Jefferson Davis were both stationed here under the command of General Atkinson in Blackhawk war.

Rockford Register-Gazette: An Atchison, Kan., young woman, who had deceived herself into thinking she was an elocutionist, got a chance to display her talent the other night in an amateur's contest, arranged by a theatrical company. Here is what the Atchison Globe said of her efforts: "The audience laughed at Bessie's Catechism. Shall Not Ring tonight until it was nearly black in the face. The sad little song about Farewell, Dear Heart was so exasperating that the pianist fell off his seat. There is no use in talking, Bessie was awful. This remedy for Bessie's attack of stage fever was a severe one, but it was the only thing that would cure it. No one could

that Bessie will settle down and be of some service to her mother."

Exchange: General Fitzhugh Lee was a member of one of the most illustrious families of Virginia. He was a grandson of the famous "Light Horse Harry" and a nephew of General Robert E. Lee. He graduated from West Point in 1856. In 1861 he entered the Confederate army, and in 1862 was raised to the ranks of brigadier general. General Lee loyally accepted the results of the war. He filled a number of responsible positions, including the governorship of Virginia, presidency of the Pittsburgh and Virginia railroad, and the collectorship of internal revenue for the Lynchburg district. It was as counsel-general at Havana just preceding the Spanish-American war, that General Lee rendered distinguished service. Following his discharge from the volunteer army on March 2, 1901, General Lee was appointed to the regular army with the rank of brigadier-general, and with this rank he was retired a few months later.

IT ALWAYS HELPS

An ailment like consumption that has been months and years getting a foothold cannot be relieved in a week or day. Scott's Emulsion will always afford relief and often cure, but not over night. The consistent use of Scott's Emulsion will positively help the consumptive at any stage of the disease. We guarantee nothing beyond this, but we know that right living and Scott's Emulsion have done more to cure consumption than anything else.

water flow through them at the time of the breaking up of its winters. It is an easy matter to be led into speculation regarding our near celestial neighbor, which is so close to ourselves at the present time, or did in past ages when the planet was yet as warm as the earth is now. If once peopled by millions of inhabitants, have not they disappeared as has most of the animal life in our arctic regions? Nobody knows.

Seeing the Earth From Mars.

If a globe be placed on the planet Mars we could watch the earth as it comes evening or morning star and take pleasure in seeing the changes which the earth (with the moon as companion) undergoes. Together, they would appear as a variable double star.

Mars has two satellites; both of them were discovered in August, 1877, when Mars was in its most favorable position for observation. The outer one is 12,670 miles and the inner one 4,000 miles from here. The outer one makes a revolution around Mars in thirty hours and eighteen minutes while the inner one takes only seven hours and thirty-nine minutes for its revolution. Their diameters are about seven miles each. As the inner moon moves so swiftly in its orbit it rises in the west and sets in the east, becoming new and full more than two or three times a day. The outer one rises in the east, and as it takes only thirty hours and eighteen minutes for its revolution, it remains visible for a good many consecutive hours.

Troubled With Severe Pains in His
Back for 30 Years.

I have been troubled with severe pains in my back and kidneys for over 30 years caused by exposure during the Civil War.

I tried many Patent Medicines and physicians but could secure no permanent relief.

A sample bottle of Dr. Fenner's Kidney and Backache Cure was given me and it did me so much good that I finally took several of your dollar sized bottles which effected a prompt and permanent cure.

It is pleasant to take. You may refer any one to me as I shall take great pleasure in recommending it.

FLAMES RUIN ANCIENT CASTLE

Loss to Property, Pictures and Memorials Is Several Million Marks.
Berlin, May 2.—The castle of Lichtewalde, belonging to Count Dietrich von Elichstein, situated near Chemnitz, was destroyed by fire, with many valuable pictures and memorials of the past, it being a loss of several million marks. The castle was built three and a half centuries ago by Knight Herman von Haras and was rebuilt in the early part of the eighteenth century.

Refuses to Build Sidings.
Washington, May 2.—In a complaint filed with the interstate commerce commission the Red Rock Fuel company of Fairmount, Va., charges the Baltimore & Ohio railroad with refusal to permit the building of sidings near the coal company's mines.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him? It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbore's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

EMBROIDERY SALE

WEDNESDAY

Our Wednesday special in Dry Goods Dep't. this week will interest every lady who sees this notice, for it is a well known fact that our specials merit attention and bring quick responses.

Choice Lot of Embroideries, every yard new this spring, neat patterns with firm, durable edges. We don't tell you that many pieces are worth 15c a yard, but we do say—there isn't a pattern that isn't good value at 10c a yard. Some kinds cut off the piece, others in manufacturer's ends of 5 and 6 yards—Embroideries and Insertions.

No Sacrifice of Richness

If PASTEURIZED MILK lost any of its food properties in the modern treatment there would be good reason for a cry against it. But instead, it improves it, makes it remain sweet longer and removes the danger of disease.

PASTEURIZED MILK

is the sick person's salvation and the strong person's aide-de-camp.
